

TRANSIGN®

YOUR DESTINATION BEGINS HERE

Transign Stop Requested signs are used internationally to communicate when a passenger has used the next stop request system, and have been considered an industry standard for nearly 60 years. These high quality signs can also convey messages to departing passengers for safety or wayfinding purposes, and are available in multiple languages.

STOP REQUEST SIGN FEATURES

- Easy installation with zero maintenance
- Available in a variety of colors and fonts
- Ceiling-mounted or surface-mounted options
- ADA compliant messages and lettering
- Multiple or dual language options
- Optional double-sided viewing
- Colorful LED backlit lens OR full amber LED
- Many other messages, such as "Watch Your Step" warnings or Exit indicators, available upon request

BUY AMERICA - MADE IN U.S.A.

Using the highest quality parts, our Stop Request Signs are proudly made in Detroit, Michigan USA in full compliance with the **Buy America Act**.
